

New

# VISIA<sup>®</sup>

**Now in 3D**

for **masterful** communication  
and **effortless** conversions

# VISIA<sup>3D</sup>

More injectables,  
more energy based  
treatments, and,  
of course,  
VISIA Skin Analysis

VISIA's patented **Comparison To Norms** analysis uses the world's largest skin feature database to grade your client's skin relative to others of the same age and skin type.

**TruSkin Age**<sup>®</sup> uses VISIA's analysis to assess your client's overall skin condition and age, providing a revolutionary new metric to guide the selection of skin care products and treatment options.

Show **results** of injectables, fillers, energy based treatments and surgical improvements **in 3D** with measurable volume changes.

**VISIA<sup>3D</sup>** is the **only** system with **instant** capture delivering **3D** with standard, cross-polarized, and UV lighting modes.

Includes video capture
